sappi
triple green[®]
sugar cane fibre, chlorine-free, sustainable afforestation.

Sappi Triple Green is a paper grade manufactured according to three environmental pillars: A minimum of 60% of the pulp of this paper is sugar cane fibre; the bleaching process is chlorine-free; and the remaining pulp comprises of wood fibre obtained from sustainable and internationally-certified afforestation using independently-audited chains of custody. Triple Green is fully recyclable.

OCILVY CAPE TOWN 47611

Das Auto.

YOU DON'T REALLY BELIEVE IN LOVE AT FIRST SIGHT, BUT...

You will find it really difficult to resist the provocative Scirocco sports coupé. You could find that you want to spend more time in your car, although you should long be at the office or at home. This is not surprising, because the outstanding design and self-assured, sporty appearance will make a lasting impression on you.

Stylish, passionate and head-strong, the Scirocco combines expressiveness and sportiness with driving dynamics and a guaranteed 'WOW factor'. You will be on the lookout for a reason to take a spin in the Scirocco - and you will always find one.

YOU DON'T REALLY WANT TO BE IMPRESSED BY OUTWARD APPEARANCES, BUT...

The optional electric panoramic tilting roof creates an impressive atmosphere of light inside the Scirocco. You can enjoy a breath of fresh air in a matter of seconds – and keep a cool head at all times.

Optional Bi-Xenon headlights with dynamic range adjustment ensure good visibility at all times.

The chrome-plated twin exhaust tail-pipes clearly show what the Scirocco stands for, sheer driving enjoyment.

The expressive design of the Scirocco is just too electrifying to look away. It has breathtaking dynamic lines and sporty features - the striking front-end design and curved styling of the distinctive halogen headlights complements and harmonises with the shape of the body.

The colour-coded door mirrors, door handles and bumpers blend perfectly with the athletic silhouette of the Scirocco. You will be inspired by the thrilling exterior, and so will everyone else.

**YOU REALLY ONLY MEANT TO DRIVE
AROUND THE BLOCK, BUT...**

YOU REALLY SHOULD BE WELL ON YOUR WAY HOME, BUT...

It will come as no surprise if you don't want to get out of the Scirocco. This exhilarating, spirited car has front sports seats which give lateral support when cornering. The sports suspension brings the power of the engine onto the road. The optional DynAudio Excite sound system in combination with the RCD-510 MP3 6-disc CD changer delivers impressive sound with four bass speakers, a total

of eight DynAudio loudspeakers, and output of 300 watts. The Scirocco will make your heart beat faster, as the multi-function display in the instrument cluster keeps you up-to-date with important information during the journey, and the standard Climatic air conditioner ensures a comfortable interior temperature. There is no doubt: the Scirocco is irresistible.

The leather-covered multi-function steering-wheel with paddles has more to offer than just an attractive appearance: in conjunction with the dual clutch gearbox DSG®, the paddles facilitate smooth gear changing and therefore a dynamic driving experience.

Even the door-pull is a piece of design excellence.

The sports contouring of the rear bench seat with integral frame-type head restraints and 'Vienna' leather* trim, offer rear passengers a comfortable yet sporty driving experience.

Flexible: the Climatronic air conditioner, available on the 2.0 TSI, has individual temperature control, for the driver and front passenger.

The optional 'RNS 510' Radio Navigation System leads the way on both long and short journeys and has many advantageous features, such as an integral 30GB hard disk and a touch screen colour display. You can also play movies and audio files on the DVD drive, making your journey an even richer experience.

* Leather seat inserts and a combination of high quality, durable materials.

SAFETY.

You can be completely confident in the Scirocco. It not only has powerful engines and dynamic driveability but also comprehensive safety equipment: the Electronic Stability Programme (ESP), with Brake Assist system and counter steering assistance, includes an Anti-lock Brake System (ABS), Electronic Differential Lock (EDL) and Electronic Brake-force Distribution (EBD). Critical driving

situations can therefore be controlled at an early stage. There is a curtain airbag system for all passengers and this is complemented by side airbags at the front. DCC Adaptive Chassis Control, an optional feature, permanently adapts the chassis to your driving and to road conditions. You have a choice of three settings at the touch of a button: sport, normal or comfort - for safe driving pleasure all round.

DCC Adaptive Chassis Control (DCC) adapts damping to road surface conditions and the driving situation via a control algorithm.

The curtain airbag system for front and rear passengers includes side airbags at the front.

The 'Plus' anti-theft warning system, which is standard, has interior monitoring via the interior light module in the headlining. Your Scirocco therefore stays exactly where it belongs.

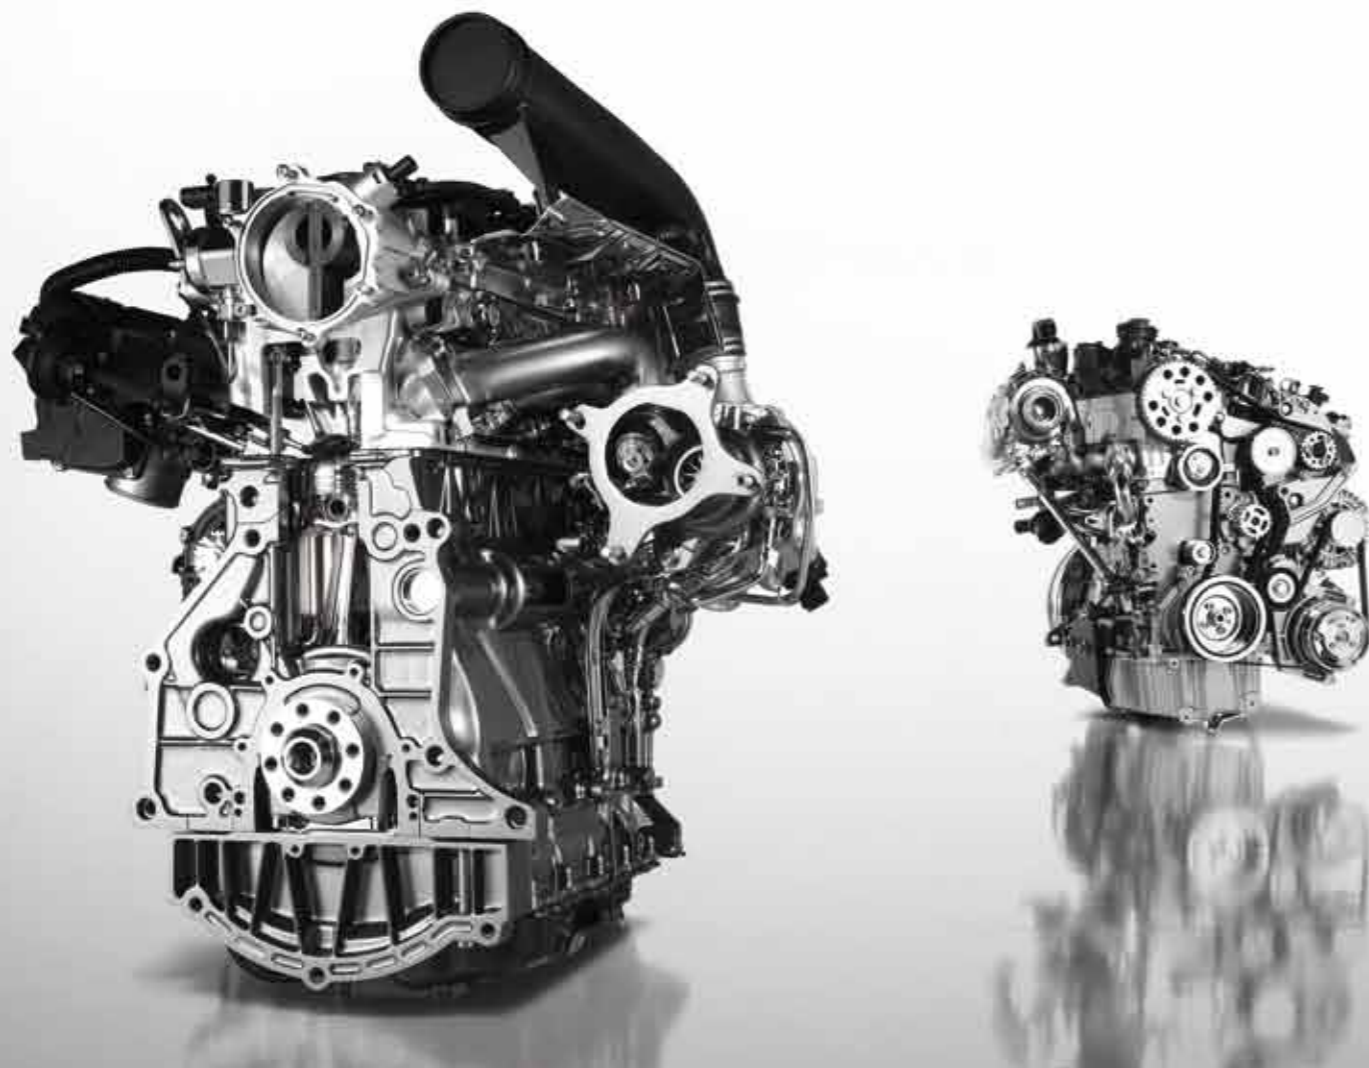

The acoustic and visual signals given by the ParkPilot assist you when parking.

The Scirocco meets the highest safety standards with a 5-star NCAP rating proving that a sporty car does not have to compromise on safety.

ENGINES.

What could be better than to be inspired by the acceleration of a powerful engine? The range of engines for the Scirocco promises one thing in particular: maximum dynamics. The TSI engine offers an exciting combination of direct petrol injection and exhaust turbo charging. This engine enables high performance to be combined with the economical fuel consumption of a

smaller car. The two TSI engines are available with outputs of 118kW and an impressive 155kW. The 6 - speed dual clutch gearbox DSG® is available on the 2.0 TSI model. This efficiently combines the advantages of a manual and an automatic gearbox. No matter which one you decide on, you will feel the call of the road.

VOLKSWAGEN FINANCIAL SERVICES. DESIGNED FOR YOU.

When purchasing and insuring a vehicle it makes sense to enlist the help of a trusted partner. THINK TOMORROW. THINK BLUE.

In a world where environmental issues have become everyone's concern, it's important that we all do our bit to be kinder to the environment. This is the philosophy behind Volkswagen's Think Blue campaign. Pioneering technologies like Turbo Stratified Injection (TSI), Direct Shift Gearbox (DSG)[®] and Turbocharged

Direct Injection (TDI) are the pillars of Think Blue – Volkswagen's vision of creating efficient and sustainable vehicles for all.

DAS AUTO. *THE CAR.*

Only when a car defines an era. Only when a car becomes a way of life. Only when a car gives its name to an entire generation. Only when a car possesses both size and stature. Only when a car provides a home for the whole family. Only when a car invites everyone to share its innovations. Only when a car creates technologies that break new ground. Only when a car delivers a miracle of performance.

Only when today's car is already anticipating tomorrow. Only then can it be called *The Car* (Das Auto). The Scirocco is the ultimate expression of Das Auto – offering customers cutting-edge design, world-class quality, technology and powerful performance. That's why it's *The Car* that defies the ordinary. Scirocco. Ordinary is over.
